REPORT OF OVERSEER OF POOR

Our relief costs have decreased somewhat during the past year, which has enabled us to again cut our appropriations for 1938.

At this time we have no reliable decision as to how relief will be handled after July 1st, and have therefore been obliged to figure our Budget on our present relief load.

Before the tax rate is made however we will have received a ruling from the courts, which if favorable to the Towns, will enable your officers to cut the budget allowance by from three to four thousands of dollars more.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Warner District and The Prudential Committee of Simonds Free High School:

Teachers employed in the District for the year 1936-1937 were as follows:

TEACHERS EMPLOYED

S. F. H. S.	William B. Hounsell, Hdm., U. N. H.	1930
	William F. Glavin, Agr., M. A. C.	1920

GENERAL STATISTICS

Half days in Session	360	360	360	360	360	360	360

No. visits of school board	5	3	2	5	2	17	16
No. visits citizens	53	38	41	32	5	169	169

From the above table it will be noted:

1. Full 360 half-days of school were maintained as required by law.
2. The average attendance remains about the same.
3. The per cent of attendance was an improvement over the preceding year, but still remains below the average for the state.
4. There has been a gratifying drop in the number of cases of tardiness, only one school having an average of over 1 per pupil.

The number of pupils enrolled in the district was 253. Of these 46 were tuition pupils from nearby towns, 14 elementary and 32 high school. Deducting this number from the full registration leaves 207 pupils residing in the district and attending public schools.

The annual reports of the school physician, Dr. Lloyd H. Cogswell, M. D., and the school nurse, Miss Ruth B. Whitcomb, R. N., show that a great deal was done to promote the health of the pupils. At a dental clinic held early in April 57 pupils were examined by Dr. E. E. Cummings, D. D. S., for dental defects. Of these 52 received complete care and were awarded dental certificate. A great deal of this work was made possible by the Warner Red Cross which contributed \$50.00 for the expenses, and also gave \$10.00 for tonsillectomy. Warner people should join in generous support of the Red Cross, which assists to such an extent in meeting local needs. The health of the pupils in the elementary schools was further assisted by hot lunches which were served during the winter months. For this purpose the Warner Woman's Club contributed \$50.00 which was used to pay for help needed in preparation of the lunches. About 100 or more hot lunches were served each day. In behalf of the pupils, teachers, parents, and school board we wish to thank both these organizations for their real interest and substantial assistance.

The provision of a new gymnasium remodeled from the building formerly used as a handle-shop meets one of the greatest needs of the high school. Our young people are demanding more physical education—not merely training in a few athletic games, but fundamental courses in health and general physical development. The new gym will give opportunity not only for this but provide a long needed place for other school activities.

We consider ourselves fortunate to have the privilege of working in a community the citizens of which are so genuinely interested in the welfare of the schools.

Respectfully submitted,

JOHN A. SINCLAIR,
Superintendent of Schools.
